

FLUROPON® LIMITED PAINT WARRANTY

JD Metals is pleased to present the following Limited Warranty on the Fluropon® PVDF paint finish applied to steel roofing and siding panels:

1. Our Fluropon® family of coil coatings, properly applied to HDG steel (G90/G60), Galvalume, or Zinc-Aluminum Alloy steel, will meet the following standards.
 - A. For thirty (30) years from the date of installation WILL NOT crack, check or peel (lose adhesion). This does not include minute fracturing, which may occur in proper fabrication of the building parts. Failure due to substrate corrosion is excluded.
 - B. For thirty (30) years from the date of installation WILL NOT chalk in excess of ASTM D-4214-98 method A (D659) number eight (8) rating.
 - C. For thirty (30) years from the date of installation WILL NOT change color more than five (5.0) Hunter ΔE units as determined by ASTM method D-2244-02. Color change shall be measured on an exposed painted surface that has been cleaned of surface soils and chalk, and the corresponding values measured on the original or unexposed painted surface. It is understood that fading or color changes may not be uniform if the surfaces are not equally exposed to the sun and elements.
2. In case of a complaint, you will provide access to us and assist us as necessary in determining the exact cause of the failure. ASTM and NCCA testing procedures will be used.
3. If our Fluropon® family of coil coatings fail to comply with our limited Warranty, we will pay for labor and material reasonably necessary to repaint, repair or replace, at our option, the building part showing the failure. However, our liability shall not exceed the purchase price paid for the metal panels. We shall not be liable to any person or entity for any incidental or consequential damages, including lost profits or lost use of material. We shall not be liable to any person or entity for claims for property damage or personal injury. In order for the warranty to be in effect, however, you must notify us in writing of the failure within thirty days of the discovery of such problem and provide documentation we may require. If we repaint, we will use normal painting practices using Fluropon® or other suitable alternatives. This Warranty also applies to the part we repainted, repaired, or replaced, but only for the unexpired portion of the Warranty period applicable to the original part.
4. Our LIMITED WARRANTY DOES NOT APPLY to circumstances which we do not control, including:
 - A. Acts of GOD, falling objects, explosions, fire or other such similar or dissimilar occurrences beyond JD Metals control.
 - B. Unusual harmful fumes or foreign substrates in the atmosphere, standing water, or salt spray;
 - C. Misapplication of the Fluropon® coil coatings (that is, the coating was not applied in accordance with our specifications and instructions as outlined on our product data sheets);
 - D. Improper treatment of or defects in the metal or in the fabrication; and
 - E. Stored or installed in a way that allows for poor circulation;
 - F. Stored or installed in a way that allows for contact with animals or animal waste.
 - G. Failure due to substrate corrosion;
 - H. Mishandled Products, e.g., ANY PRODUCT THAT HAS BEEN ABUSED, ALTERED, MODIFIED, USED IN A MANNER NOT ORIGINALLY INTENDED, OR STORED CONTRARY TO OUR INSTRUCTIONS. Including:
 - a) damage to the product occasioned by condensation attributable to improper packaging, handling, shipping, processing, and/or installation;
 - b) damage due to failure of the substrate.
5. This warranty will apply only to metal, which is coated with Fluropon® and used on property located within the Continental United States, Alaska, and Canada. This warranty will automatically expire upon any change or transfer of ownership of the property on which the metal coated with Fluropon® is originally installed.
6. To receive Warranty Benefits for a Warranty Condition, you must:

Send written notice of the Warranty Condition within thirty days of the appearance of any detectable defect to JD Metals.
Provide access to the affected panels and site.
Assist us as necessary in determining the exact cause of failure.
7. This Limited Warranty is valid for products used for roofing and sidewall applications only.
8. This is our only warranty concerning Fluropon® coil coatings. Except for this Warranty, WE MAKE NO WARRANTIES, EXPRESS OR IMPLIED, AND DISCLAIM ALL IMPLIED WARRANTIES WITH RESPECT TO THE FLUROPON® FAMILY OF COIL COATINGS. JD METALS WILL NOT BE LIABLE FOR ANY SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES. We have no other liability with respect to Fluropon® coil coatings, whether based on warranty, negligence or any other legal theory.
